Actor-Writer Addresses Mothers Club

Highlight of the January meeting of the Nativity Mothers Club was the enlightening talk given by Darryl Hickman, movie and TV actor-writer. Mr. Hickman recently spent several weeks in Bogota, Columbia, doing research for a forthcoming screenplay based on the life and work of Father Rafael Garcia Herreros, a Colombian priest.

Ten years ago this courageous priest made a decision to devote his life to building a better life, without fear, without misery and without Communism for the very poor of Bogota. The result has been miraculous.

The Nativity Mothers Club through the efforts of Mr. Hickman have now started a fund to build a Nativity Home in Bogota, Columbia, for a deserving family who, until Fr. Herreros came to them, had not even a roof over their heads.

During the business end of the meeting, a report was given on the New Year's Eve dance sponsored by the club. The committee was thanked by Mrs. James Carlin, president, for a job well done. The membership also voted on an adoption to the Standing Rules.

An inspiring talk was given by Fr. John Cremins, who also thanked Mr. Hickman for his timely speech.

Refreshments were served at the close of the meeting by Mrs. John Reto and mothers of the 3rd grade.

'Dancing Hair' Gives Lift In New Fashions

"Dancing Hair" coiffures will give you a lift to make this the youngest and gayest Spring ever, according to the Official Hair Fashion committee of the National Hairdressers and Cosmetologists Association, the hair fashion authority of the beauty profession.

The new "Dancing Hair" styles have a tender and lighthearted touch that is destined to set a trend with dancing hair effects that swing, sway and flip up playfully into amusing and diverting curls. The new styles are being presented as a feature of National Beauty Salon Week, which will be observed February 11-17.

There is a spirit-lifting "up" line of "Dancing Hair" styles for important party and evening wear, which converts into a sprightly "down" line for carefree daytime wear. In both, you will always find a saucy flip-up of curl . . . either at the top, the sides, over, under, or just about anywhere, but always DANCING.

A keynote of the new styles is the departure from the watermelon to smaller heads. A new interest, too, is the special attention given this season to coiffures for smaller women, in keeping with similar trends in clothing fashions.

Hair length continues to be generally short with bulk adjusted to each person to give a tender fit. The haircut now becomes more important than in many seasons, since the hair must be blended to allow it to swing freely from side to side.

Permanent waving, too, becomes vital, especially the new body waves that give your hair its manageability for dancing hair, as well as to revive it for Spring freshness.

In the "up" lines of the "Dancing Hair" coiffures, wave patterns swing generally in an upward or vertical mood, accented with dancing curls.

In the "down" line for carefree daytime wear, the waves away with a fluid and more horizontal direction and the coiffure display more detail and definition at the sides. Hair colors will tend

towards soft and gentle shades of blended tones for an iridescent quality.

Brunette tones will come into their own this season for an all-American look, especially with the red, white and blue fashions in clothing. A palette of fashionable neutral shades will include soft deer and fawn shades with brownette highlights blending to shimmering gold tones. A high fashion color will be lustrous blue black hair, but with the right skin tones. Blonde shades will range from light flaxen and champagne values to nut colors. Red golds will blend towards bright nasturtium shades.

Makeup for Spring calls for the soft, clear look of the Southern Belle, gentle and feminine, bright and young. Skin tones and lip shades will tend toward the soft values of pink, rose and coral. Sea shell pinks will be especially noteworthy with rainbow pastels of clothing. All will be a ladylike complement for a season of young, gay, feminine grace.
